Last night's blizzard was mild to what we were led to expect from Medicine Hat. The wind blew quite strong and some rain and snow fell, but we have seen worse.

THOUSANDS OF ACRES

Gathered in Burley Pool at Monday's Meetings

As a result of meetings in Flemingsburg, Versailles, Cythiana, Springfield, Bedford and Winchester yesterday nearly 18,000 acres were signed in the whirlwind campaign in the interest of the ten year pool of the Burley Tobacco Society and promises were given that may result in as many more in the counties visited before the pool closes Friday of this week.

At Flemingsburg fifty farmers signed more than 8,000 acres, using up one entire contract book and part of two more. At Versailles 3,425 acres were enlisted, while at Cythiana more than 2,000 were pledged. At Bedford 2,700 acres were signed and at Springfield 700 acres were added to the pool.

Schoberth of Woodford county, who last week announced as a candidate for the Democratic nomination for Congressman from the Seventh District, against Congressman J. Baseball Notes

Manager Glenn McCann has signed for Maysville Nick Kall, the former pitcher of the Cincinnati Reds.

The question of starting the baseball games of the National League Club earlier than the usual hour of 4 o'clock will probably be determined by a vote of the spectators at the opening game of the National League season at New York.

A Delightful Evening

The annual praise meeting of the Ladies' Missionary Society of the First Presbyterian Church last evening was a most delightful and interesting affair. Rev. R. P. Garboid, Missionary from Japan, delighted his large audience with an instructive address relative to that wonderful country. He also sang several songs in the Japanese language. Light refreshments were served and altogether it was a most delightful occasion.

KENTUCKY WOMAN

Is Highly Commended For Her Work in Mission Fields of India

In the report of the American Presbyterian missionaries in India, the work of a Mason county woman, Miss Mary Paxton Forman, is highly commended. She is principal of the Mary Wasmaster's Girls' High School, and has 136 Indian girls under her charge. She is the daughter of the late Rev. Charles W. Forman, who went from this county to India in 1848, where he was one of the most successful missionaries in the Presbyterian service there.

ALL JEWS COMING HERE

Leader Says Whole of Race Will Settle in America

NEW YORK, February 25.—A prediction that the next century will see nearly all of the 11,000,000 Jews of the whole world in American soil, was made by Sheriff Julius H. Harbarger, in an address before delegates from all parts of the country gathered today for the annual meeting of the Executive Committee of Free Sons of Israel.

Arrangements were considered for the quinquennial convention of the entire order at Rochester on May 19th. There were but 3,000 Jews in the United States when the first census was taken," he said, "and today there are 2,000,000."

Matilda Annie Wood Metcalfe in the death of Mrs. M. Annie Metcalfe at Los Angeles, California, this county loses one of its most representative women.

Born in 1824, the daughter of Andrew and Matilda Fox Wood, in the old Wood home "Belle Forest," near Washington, she was reared among the traditions and luxuries of a daughter of that era. At eighteen she finished her education at Shelbyville and married Dr. Volney Metcalfe, going South with him to Natchez, Miss., where her beautiful home is still one of the landmarks of the town. Then came the war and from causes resulting from it she lost the large property inherited from her husband, and returned to Kentucky, leaving for California in 1891, where she has since resided.

Mrs. Metcalfe was a woman of splendid mentality and nobly Christian character. She kept to the last her sunny optimism, her keen interest in public affairs, and the love for others that made her so beloved and beautiful a personality, meeting every misfortune—and they were many—with serene faith and a courage that never wavered. Her beautiful life is the sermon that, "life who runs may read," and that is the most unanswerable argument for Christianity. May she rest in peace.

Nothing Doing

Ordinarily Monday is a busy day in Court circles, yesterday, however, was an exception to the rule, and the nothing doing sign was conspicuous in the various departments of justice. In the Police Court Judge Whitaker

was without a case on his docket; County Judge W. H. Rice was as idle as a briefless country attorney, and County Clerk James Owens was bawling the monotonous situation on account of not having issued a single marriage license, and as to Circuit Clerk James R.

We now want to hear from Marse Henry on 'The Man on Horseback.'

The lower house of congress spent an hour or two Saturday in kicking Mr. BRYAN's dog around. An enjoyable time was had.—Chicago Tribune.

From the standpoint of a Republican there is no other possible candidate for the nomination than TAFT. The notion of a third term for ROOSEVELT as candidate of the Republican party is absurd. The regulars certainly can not afford to pay any heed to him, and LA FOLLETTE's angry statement of Saturday to the effect that he and his organization will be in the contest to the end against ROOSEVELT, must make it clear that the chief result of the Colonel's boom will be to throw the progressives into hopeless and laughable confusion.

EVERY great statesman in the history of this country, from WASHINGTON and JEFFERSON and HAMILTON to LINCOLN and CLEVELAND and McKINLEY, believed in free government under such constitutional limitations as would protect the rights of the minority from the temporary decisions of the majority.

It has never been the idea that the constitutional limitations should stand in the way of the fixed opinions or desires of a majority of the people. They were planned by the fathers of the republic merely to act as a brake on the too hasty transformation of temporary popular feeling into law. When a majority of the people of this country have really made up their minds on any question, they have always had their way—and they will continue so to have their way as long as our present institutions endure.

The recall of judicial decisions on constitutional questions suggested by Mr. ROOSEVELT in his Columbus speech, would at one stroke wipe away all constitutional limitations within the States. It would make the will of the majority immediately supreme. The adoption of such a provision would provide a short cut to revolution. If a constitution can be recalled on a moment's notice by a bare majority of votes, what's the use of having a constitution at all?

Mr. BRYAN awoke in New York one morning a number of years ago to discover that his proposal for the Government ownership of railroads had put a serious blight on his political fortunes. It would not be altogether surprising if his recall of decisions plan rendered Mr. ROOSEVELT a like service.—Times Star.

FREE REMEDY HELPS CHILDREN
Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.
Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to take and no child will refuse it. It is mild and never gripes. It is all a child's remedy should be, it is a good laxative for the family because it is effective. It is not a powerful medicine like the powerful cathartics that are given to children in circumstances.

ANYHOW! "Deo-lighted," again, but only for a short time.
The Colonel will soon be yelling to TAFT: "You Gotta Quit Kickin My Hat Around!"
Washington wouldn't. Grant couldn't. Roosevelt shan't.
—N. Y. Evening Post.

On the 4th of March next I shall have served three and a half years and this three and a half years constitute my first term. The wise custom which limits the President to two terms regards the substance and not the form, and under no circumstances will I be a candidate for or accept another nomination.—THEODORE ROOSEVELT, Nov. 4th 1904.

In place of GEORGE WASHINGTON ROOSEVELT let it read ANNANIAS ROOSEVELT.

GRE! But it's going to be great to be Governor in Kentucky when the present General Assembly has worked its will and wended its ways.

A prison commission, a banking commission for sure, a road commission and a public utilities commission, mayhap, all of his own choosing and own faith, each with pie-a-plenty and patronage prodigious to dispense. In a government of the people, for the people and by the people, could one man ask that one man control go further?—Louisville Times.

Foolish Philosophy.

THINK well of yourself, of course but don't make a hog of yourself in that particular.

Certain questions have been discussed thousands of years, although the answers are known absolutely.

We are all rendered uncomfortable unnecessarily by those dismal persons who habitually View With Alarm.

People are always selfish, if not always fair and intelligent, and when they hesitate for years about accepting a doctrine said to be for their good, they hesitate because they fear maybe it isn't.

Criticism loses much of its force because it is usually either untrue, exaggerated, ill-natured or comes from jealous rivals.

When I write for the papers I do not desire to say anything that will cause "Citizen" or "Taxpayer" to come back at me with a card. But I have always wanted to express the opinion that citizens are extremely liberal in the rates they propose for street railway, gas and water companies.

Don't you know people who, in spite of all your charity, don't seem to try very hard?

There is no waste of time worse than playing cards, unless you play for stakes; if a tin horn gambler sits in the game, you are apt to waste money as well as time.—Ed Howe.

HE HEARD NOTHING.
Needlesha (Kas.) Sun.
A tall man from the timbered hills went into a Fredonia store the other day to do some trading.
Among the desired purchases was a shirtwaist for his wife. Entering the store he was directed to the shirtwaist department, and made his want known to the young lady who was in charge.
"What bust?" asked the saleslady.
The man looked at her inquiringly a moment and then said:
"I dunno, I didn't hear nothing."

NO ONE STRONGER THAN HIS STOMACH.
The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body." He continues, "so we may be said to live (through) the stomach." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than
Dr. Pierce's Golden Medical Discovery.
"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKIN, of Corcoran, Calif. "I had suffered from it, off and on, for several years. I also suffered from heartburn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. Whenever I swallowed anything it seemed that it would faint—it hurt so. I grew very thin and weak from not eating. I was told to take Dr. Pierce's Golden Medical Discovery. I took the first dose. I could eat a little without pain and grew strong fast. Today I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

LAFAYETTE'S VISIT TO MAYSVILLE
He Was Accompanied By the Governor of Ohio—Incidents of the Visit
On Saturday, May 21st, 1825, General Lafayette arrived at Maysville on the steamboat Herald, accompanied by the Governor of Ohio.
He was met at the foot of Fish street by the Committee of Reception, Major Charles Pelham, Rev. John T. Elgar, Captain Marcell Langhorne, Johnson Armstrong, James Morris, W. R. Phillips, William Murphy, John Smrell, John Armstrong and Captain Stephen Lee of Maysville, and John Chambers, Francis Taylor and Dr. J. N. Tallafiero of Washington.
Major Pelham of the Revolutionary War delivered the address of welcome, and the procession formed in the following order:
Assistant Marshal, Light Infantry, Committee of Arrangements, General Lafayette and Hon. Jeremiah Morrow, Governor of Ohio, in a barouche; Colonel C. W. Lafayette, Major Pelham and Lafayette's Secretary in an open carriage, officers and soldiers of the Revolution, citizens and strangers.
The procession passed through the principal streets and drew up at Major Langhorne's hotel, where a sumptuous repast was served, after which the procession escorted the distinguished visitor to the steamer, which proceeded up the river.
Among other veterans of the Revolution who were present at this occasion was Julius Levi, the old Marketmaster of Maysville, who served under General Lafayette at Brandywine and lost an eye at Blufford's defeat.

MRS. STEVENS RECOVERS
After Years of Suffering. Tells How Her Health Was Regained.
Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to you for special advice. In a short time I had regained my health and am now strong and well."
—Mrs. SALLIE STEVENS, R.F.D., No. 2, Comanche, Okla.
Another Woman Recovers.
Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."
—Mrs. F. A. PEASLEE, R.F.D., Box 88.
Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.
If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CAUSE AND REMEDY.
Uncertainty of the immediate future is looked upon by many men of affairs, as a blockade to enterprise and business prosperity, and this blockade is now quite apparent throughout the channels of trade.
The Presidential Election; the efforts of Congress with no fixed purpose; Organized Labor as a new factor in politics; together with other matters of greater or less import, represent at this time a chaotic conflict of separate interests, to harmonize which is now the problem before the country.

STEEL CITY'S MAIDEN VOYAGE

Renamed Steamer Virginia Afloat and Will Leave Pittsburgh This Week

The steamer Steel City, formerly the ill-fated Virginia, left its dock at Ft. Pleasant Friday for Pittsburgh, and will make its maiden trip within this week.

The craft has been subject to so many catastrophes, that its owners yielded to superstition and changed the name.

The craft has been practically rebuilt and presents a handsome appearance.

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ears, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is necessary to use a powerful cathartic, which is nothing but an inflammation of the mucous lining of the Eustachian tube. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Cathartic Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. CORRESPONDENCE

SPRINGDALE.

Mrs. Rash and Mrs. Rosamoir are in Cincinnati at the bedside of their relative, Mrs. Mollie Seebre, who is very ill.

Meers, Tom and Lon Otto are visiting relatives at Huntington, W. Va., and Portsmouth, Ohio, this week. They expect to start for Warren, Canada, in a few days.

Mr. Thomas Hughes died at his home near here Thursday last. He leaves a widow and two children, also two sisters Mrs. W. Wilson and Mrs. J. Martin. He was a member of the Church at Bothany and the funeral occurred there Saturday at 10 o'clock.

Corn, hay and fodder are very scarce through the country. There is much suffering among live stock. As aged citizens discussing the situation, says: "Before we began raising tobacco we always had plenty of feed. Our cribs were full of corn. Fodder was so plentiful that often it was burned in the late spring to get it out of the way. Large stacks of oats stood near every barn, reserved for spring food when the horses began to plow and the 'straw stack' from the previous wheat threshing was in evidence on every farm, around which the horses, cattle, sheep and hogs browsed in silent comfort, and even the chickens scratched and pecked and hid their heads. Now straw is brought from a distance in bales, fodder is selling at 50c the shock, and corn is a luxury, only the rich can afford it; but these days we raise tobacco, tobacco, and none of us can eat it." The old citizen is right. Let us urge the farmers to plant more food stuffs and less tobacco. This much wished for newly awakening spring time.

COUNTY UNIT LAW

Provisions of the Act That Has Caused So Much Discussion

The Graham county unit extension bill which passed the Senate Thursday is identical with the Niles Bill, passed last week in the House. It extends to every county in the state the provisions of the Cammack county unit law, which exempted from its provisions cities of the first, second, third and fourth classes, by repealing the exceptions in the original bill. The law, as it will appear on the statute books when approved by Governor McCreery, follows:

"a—No election in any town, city, district or precinct of a county shall be held, under this article, on the same day on which an election for the entire county is held. When an election for an entire county is held and a majority of legal votes cast at said election are against the sale, barter or loan of spirits, vineas, viscos, malt or other intoxicating liquors, then it shall not be lawful to sell, barter or loan any such liquors in any portion of the county. If, at such election for the entire county, the majority of the votes cast are in favor of the sale, barter or loan of any such liquors, such election shall not operate to make it legal to grant licenses to sell, barter or loan such liquors in any territorial division of such county from which the sale, barter or loan has been excluded by an election held under this article, or by special act, but the status of such territorial division shall remain as if no such election had been held.

"b—No election shall be held in any election precinct under this act on the same day on which an election is held for the district or city of which the precinct is a part, at an election held for such entire district or city, the majority of legal votes cast shall be in favor of the sale, barter or loan of spirits, vineas, viscos, malt or other liquors, then the status in the several precincts thereof shall remain; but if the majority should be against the sale, barter or loan of such liquors, then the status of such precinct shall be lawful to every portion of said city or district."

How the Mountains Were Named

Bulletin United States Geological Survey. Adirondacks: Derived from the Canongia (Mohawk) Iroquois language, in which the original form is *ratironkats*, meaning "bark eaters."

Allegheny: A corruption of the Delaware Indian name for Allegheny and Ohio rivers, the meaning of the name being lost.

Appalachian: The name was given by the Spaniards under DeSoto, who derived it from the name of a neighboring tribe, the Apachis. Brant holds it radical to be the Mascogean *apala*, "great sea," or "great ocean," and that *apalache* is a compound of this word with the Mascogean personal participle *chi*, "and" means "those by the sea."

Blue Ridge: So called from the haze which frequently envelops its distant summits.

Catahilly: The mountains were called *katsbergs* by the Dutch, from the number of wildcats found in them, and the creek, which flows from the mountains, was called *Katerskill* ("tomcats' creek").

Ozark: The *aux arc* was said to refer to the bend in White River and was applied to the Ozark Mountains, through which the river passes a winding course—in other words, to the mountains at the head of the river.

Sierra Nevada: A Spanish term signifying "snow-capped range."

MUST BELIEVE IT

WHEN WELL KNOWN MAYSVILLE PEOPLE TELL IT SO PLAINLY

When public endorsement is made by a representative citizen of Maysville the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. Della Means, 323 East Front street, Maysville, Ky., says: "About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches were also common and I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, until I was often confined to my bed for weeks at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. My body became bloated and I had about despaired of ever being cured, when I read of a person who had been cured of similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply of J. J. Wood & Son's Dragstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

MORE LIGHT
LESS COST

This is a time-proven fact—that electricity is the cheapest form of lighting when breakage, upkeep and time is taken into consideration. It is much easier to economize when you have only to touch a button than when you have to get a match, light a lighter, then possibly adjust the burner.
